UK "Traffic Light Scheme" Monitoring

Post-doc Career Pathways:

Consultancy Work

🏠 > Human Resources > A-Z Policies, procedures and guidance > Policy on Outside Work (Academic Staff)

Policy on Outside Work (Academic Staff)

All members of staff may take:

Further activity

20. Holding executive directorships
21. Holding non-executive directorships
22. Working for a spin-out company (one based on the University's intellectual property), in which the member of staff may hold shares
23. Undertaking external consultancy
24. Undertaking private clinical medical work

There are three central principles limiting outside work: it must not impair the quality of the member of staff's work, it must not bring the University into disrepute and it must not put the University at financial risk. If any such related activities are taking or are likely to take a substantial amount of time, such that they are likely to conflict with basic academic duties, or are likely to involve a conflict of interest with the University, the member of staff must notify them to the head of department and seek permission to undertake them. A head of department will ask permission from the dean, a dean or pro-vice-chancellor from the Vice-Chancellor, and the Vice-Chancellor from the Chairman of Council. In addition, members of staff must similarly notify and ask permission to undertake any activities in the five categories 20 to 24 inclusive, above.

- Typical consultancy rates can be c. £500p/d.
- Form an LLP/LLC/Ltd.
- Having a friendly accountant/admin is very helpful
- Effective networking is *imperative*.
- Opportunities are out there!
