

Early career perspective

Dr Solomon Brown

*Department of Chemical Engineering,
University College London, London, UK*

UKCCSRC ECR meeting

23 April 2015, UCL

Contents

1. About me
2. Things I'm proud of... (in inverse order of importance)
3. Things I'd do differently...

About me

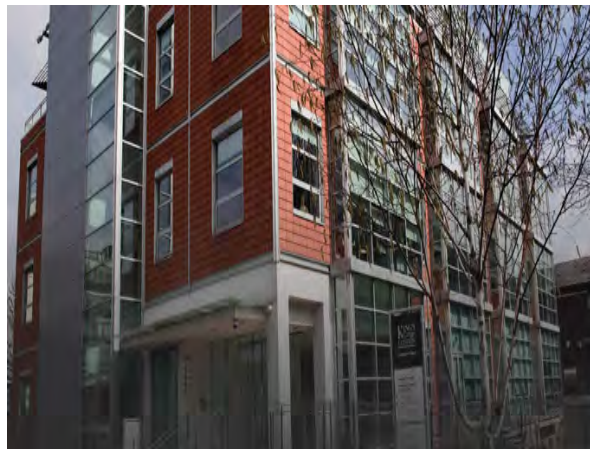

2003 – 2007 King's College London – MSci Mathematics

2007 – 2007 Institute of Psychiatry – Research Assistant

2007 – 2011 PhD – University College London

2011 – Research Associate – University College London

2013 – Teaching Fellow – University College London

Things I'm proud of...

Won the IChemE the Frank Lees medal for Safety and Loss prevention for my first paper entitled:

“CO₂ pipelines material and safety considerations”

Please feel free to cite this! (Shameless plea)

Things I'm proud of...

Proposal writing

Writing proposals for both UK, and international funding:

- 2 UKCCSRC projects
- 5 EU (FP7 and Horizon 2020) projects
- 2 Qatar National Research Fund (QNRF) projects
- 3 EPSRC projects
- And a few more ongoing...

Luckily 8 of these have been funded...

...but the experience I gained in each case was excellent

Things I'm proud of...

The fun stuff:

1. I've helped design unique test rigs and experiments
2. Worked with extremely bright and interesting people
3. Spent time at prestigious institutes
4. Organised interesting (and well attended) Fora

...we have organised

International Forum on Recent Developments of CCS Implementation
Leading the way to a low-carbon future

Co-organised by
CO₂QUEST
IoLiCAP

ECR funding has been provided by
UKCCS
RESEARCH CENTRE

REGISTRATION DEADLINE EXTENDED TO 15TH MARCH

26TH—27TH MARCH 2015

AGENDA NOW AVAILABLE
The organising committee is delighted to announce that the agenda for the International Forum on Recent Developments of CCS Implementation workshop is now available. It can be accessed on the event website: go.elfp.org

Over 30 presentations will be given over eight themed oral sessions:

THURSDAY 26TH MARCH	FRIDAY 27TH MARCH
Transport and Safety	Storage
Capture	Transport and Safety

VENUE
Athens Lada Hotel, 115 Syngrou Avenue, Athens, Greece

Things I'd do differently...

Apply for more funding from the UKCCSRC. Should have applied for:

- International Research Collaboration Fund
- Specialist Meeting Fund

Attended more events like this (I tend to be a bit of a lab troll)

I wouldn't have taken on so much teaching

Thank you
