

What role for R&D in delivering cost-competitive CCS projects in the UK in the 2020s

Conference Room, Mary Sumner House, 24 Tufton Street, London, SW1P 3RB

Time	Item
09:00	Registration and refreshments
09:30	Welcome from Greg Kelsall (APGTF)
Session 1: Setting the context	
09:40	Scene setting: <ul style="list-style-type: none"> • Luke Warren (CCSA) • Jeremy Carey (UKCCSRC)
10:00	CCS in the context of UK carbon budgets - implications for innovation policy <ul style="list-style-type: none"> • George Day (ETI) • Phil Hare (Pöyry)
10:30	What do stakeholders need from CCS R&D? <ul style="list-style-type: none"> • The Government perspective - Will Lochhead (DECC) • The research councils' perspective - Celia Yeung (RCUK) • The industry perspective - Bryony Livesey (Costain)
11:00	CCS innovation priorities: outlining the CCS Technology Innovation Needs Assessment: <ul style="list-style-type: none"> • Joshua Brunert (Carbon Trust, invited)
Refreshments	
Session 2: Project selection criteria and assessment metrics	
11:45	Introduction from panel chair, Mike Farley (APGTF, CCSA)
11:55	Panel session: The funders' perspective <ul style="list-style-type: none"> • Brian Allison (DECC) • Harsh Pershad (Innovate UK) • Andrew Green (ETI) • Chris Franklin (NERC, invited)
Lunch	
Session 3: Research priorities for carbon capture - interactive review	
14:05	Introduction from panel chair, Bryony Livesey (Costain)
14:15	Commentary and input from: <ul style="list-style-type: none"> • David Fitzgerald (Doosan Babcock) • Colin Snape (University of Nottingham) • Karen Finney (University of Sheffield) • Kris Milkowski (Coal Research Forum and PACT) • Aniruddha Sharma (Carbon Clean Solutions, invited)
Refreshments	
Session 4: Research priorities for CO₂ transport and storage - interactive review	
15:50	Introduction from panel chair, Tom Mallows (The Crown Estate)
16:00	Commentary and input from: <ul style="list-style-type: none"> • Mervyn Wright (National Grid, invited) • John Marshall (Shell) • Jonathan Pearce (BGS) • tbc
Session 5: Conclusions	
17:10	Panel discussion: What's next for UK CCS R&D? <ul style="list-style-type: none"> • Luke Warren (CCSA) • Jeremy Carey (UKCCSRC) • Philip Sharman (APGTF)
17:30	Concluding remarks from Jenni McDonnell (KTN)
17:30 – 19:00	Drinks reception and networking
