## Surrounding Infrastructure and Security Fencing

### 1.0 INTRODUCTION

This document identifies drawings that provide details for the CO<sub>2</sub> Carbon Capture and Compression (CCC) plant area, the surrounding infrastructure and security fencing, as required by Fichtner document 10112936-FI-B-CON-0012, REV 04, dated 09 June 2008, "Appendix A2 - Explanations Deliverables", Section 11.18.

### 2.0 DRAWINGS

The following drawings listed below contain details for the CCC plant and its relationship to the surrounding Kårstø gas terminal and Naturkraft AS Combined Cycle Power Plant:

- For a plan view of the CCC plant area and surrounding infrastructure outside of the battery limits see "Construction Facilities" (Drawing No. CO-0000-00001).
- For further information on the CCC plant area itself see "General Arrangement Plan" (Drawing No. P1-0010-00001).
- For security fencing details see "Access Roads And Finish Grading Plan" (Drawing No. CS-0000-00001)

Please note that a description of security fencing can be found within document 25474-000-30Y-C01G-00001.
