

**UKCCSRC Early Career Researcher Programme:  
Pilot-scale Facilities Practical Training, w/c 1<sup>st</sup> November 2021**

**TERMS & CONDITIONS OF AWARDS**

This funding will cover the ECR's place at the Translational Energy Research Centre's (TERC) Pilot-scale Facilities Practical Training module.

This award does not cover any travel, subsistence or accommodation. The ECR's home institute will be required to cover these costs.

It is a condition of the award that UKCCSRC ECRs who are awarded a funded place to attend the module must complete all training assessments and deliver outputs specified by UKCCSRC.

In the event that the ECR is no longer able to attend the training course they must inform the UKCCSRC immediately so this place can be made available to other applicants.

The award is granted for the purposes outlined above only.
