

## **UKCCSRC Early Career Researcher Programme: Winter School 2021**

### **TERMS & CONDITIONS OF AWARDS**

This funding will cover the ECR's place at the Winter School to be held in Nottingham.

Successful applicants will be contacted by the UKCCSRC with the process for claiming travel expenses relating to the winter school.

Funding is available to cover travel for this meeting. Where travel is required the UKCCSRC will normally pay the lowest available travel fares. For example, this means that low cost train tickets/airlines should be used where appropriate. The UKCCSRC may only reimburse allowable expenses set by both EPSRC and the University of Sheffield; this includes no first or business class travel, and some restrictions on prices for overnight accommodation and subsistence. Please contact the Finance team at [carys@ukccsrc.ac.uk](mailto:carys@ukccsrc.ac.uk) or call Carys Blunt on 0114 215 7235 if you require clarification on any financial matters.

It is a condition of the award that UKCCSRC ECRs who are awarded a funded place to attend the winter school must complete all training assessments and deliver outputs specified by UKCCSRC.

In the event that the ECR is no longer able to attend the winter school they must inform the UKCCSRC immediately so this place can be made available to other applicants.

It is a condition of the award that the applicant completes outputs in the form of a blog at the end of the visit. UKCCSRC Communications Officer Vic Giordano-Bibby [v.giordano-bibby@sheffield.ac.uk](mailto:v.giordano-bibby@sheffield.ac.uk) will be in touch with successful applicants to arrange this. The deadline for submitting blogs is 5pm 20<sup>th</sup> September 2021. Further applications for funding will not be considered by the UKCCSRC until all requested outputs have been submitted.

The award is granted for the purposes outlined above only.
